

Department of Electronics and Telecommunication

Action Taken Report

Academic Year 2021-22 Sem B

Session: Jan-May 2022

The students' feedback is very essential to improve the quality of the teaching-learning environment and to look for opportunities to improve overall department performances including teacher-in-classroom engagement with students to bring distinction in teaching and learning. Thus, the overall feedback has been discussed in department meeting & DPAQIC and actions taken are listed below:

1. Motivate students to opt for an internship in industry, organize industrial visits, expert lectures, and discuss case studies.
2. Unit-wise assignments could be given, to enhance learning, practice and understanding, especially for core courses.
3. Incorporate new teaching aids and assessment methods.
4. Mid terms answer sheets should be shown, as it would be easier for students to analyze their performance.
5. Need for the smart classroom was communicated to higher authority & assurance for the same was received.
