

Shri G. S. Institute of Technology and Science, Indore

Department of Applied Mathematics and Computational Science

Action Taken Report

Session 2022-23

1. According to the general feedback of students content of some courses are very lengthy so this matter will be discussed in the next meeting of Board of Studies.
2. Looking at the subject wise performance of the students extra attention will be given to those students whose performance is not satisfactory in particular subjects.
3. As per the discussion with the students about their queries in C language lab, expert faculties will be engaged in the coming semester and for the weak students and students came from non- technical background will be given extra lab time to practice.
4. In view of improving technical skills more stress will be given to practical's in computer lab and hands on practice in MATLAB and C Language should be provided.
5. As per the general feedback of students for the course MA94108 (Advanced Discrete Mathematics), requires preknowledge of subject and its basics concepts should be clear to get better understanding of the subject , therefore students should be encouraged to study thoroughly.
