Following are the deliberations of meeting:

The meeting started with discussion on the Vision and Mission of the Institute and the department. POs, PEOs and PSOs of UG and PG programs were also read. As per the

suggestion of external expert, the word 'strong' was deleted from the Vision statement. The agenda of the meeting was discussed next.

Item 1: Presenting Action Taken Report for last DPAQIC Meeting held on 9th December, 2022

The actions taken on the recommendations made by the DPAQIC in the meeting held on 9th December, 2022 were presented which are as follows:

- The recommendations of DPAQIC (held on 09.12.2022) were discussed in the meeting of Board of Studies of Department of Computer Engineering. The same recommendations were given by the BoS and subsequently Academic Council of the institute approved these recommendations in its meeting held on 05/04/23.
- Department has taken financial approval for electrification and networking of IoT lab. This lab will also facilitate the students to work with laptops.
- Under Adjunct Professors scheme of AICTE, department has recommended names of two eminent Professors for their appointment as adjunct Professors for meeting the faculty deficit.

Item 2: To review academic processes in the department in light of increased intake

- The physical and computing resources requirements to ensure effective teaching learning were discussed. A table containing information about the current availability and incremental requirement in subsequent years is given in Annexure-1.
- The members expressed serious concern about the inadequacy of labs and computing resources to cater to the increased strength of students.
- The members suggested to prepare additional labs, big enough to provide space to the students to work on their Laptops.
- Members also suggested to invite visiting faculty from nearby industries, and other experts. The honorarium of such visiting faculty/expert should be Rs. 3000/- to 5000/- per hour to attract experienced and well qualified experts, but in no case it should be less than Rs. 1500/- per hour.

The members emphasized that unless the infrastructure is not strong enough to take care of the increased intake, the increase in intake should be withheld or suspended till all resource requirements are met.

Item 3: To review the development of faculty and lab staff in last six months
