

Department of Electronics and Telecommunication
Action Taken Report
Academic Year 2022-23 Sem B
Session: Jan-May 2023

The students' feedback is very essential to improve the quality of the teaching-learning environment and to look for opportunities to improve overall department performances including teacher-in-classroom engagement with students to bring distinction in teaching and learning. Thus, the overall feedback has been discussed in department meeting & DPAQIC and actions taken are listed below:

1. It was advised that faculty members should propose the modified threshold of the subject taught for CO attainment.
2. The faculties were advised to introduce relevant research papers, recent trends, tools for knowledge enhancement, and beyond the syllabus & encourage students for research paper publication.
3. The Alumni Lecture series is started to mentor, teach and guide students for their future perspective.
4. More industrial visits and field visits are conducted now, also teachers are asked to undertake more experiential teaching-learning processes. In this context a Project exhibition has been arranged.
5. To enhance to research activity R&D proposals were submitted.
6. Looking to the need of awareness about various standards department submitted a proposal to BIS for setting up the BIS club in the department.
