

Bureau of Indian Standard (BIS) Club

BIS is providing learning opportunities to young talents in the field of quality and standardization through mutually beneficial collaboration in the form of standards clubs in Educational Institutes so that these students can be the future pioneers of quality.

The Teaches/ Mentors will have a huge role to play as they would serve as the beacons of light and will help in enhancing the creativity of students.

The role of science and technology is indispensable in today's world to which BIS correlates to its standards. These standards can be found in almost every product/device used in day-to-day life. BIS has created thousands of standards which focus on quality, standardization leading to a safe & secure life.

Objectives of Standard Club

- Experiential learning will serve as a force multiplier to transform the future of the nation and as a catalyst to improve societal awareness on Quality through Standardization.
- BIS club will provide opportunities for professional and personal growth of students.
- Teachers/Mentors will play an important role by motivating them to channelize their creativity by enhancing their scientific temperament.

Mentor of BIS club

Dr. Krishnakant Dhakar
